

Riverside Contracting, Inc.

**5571 Alloy South
Missoula, MT 59808**

I understand that according to Federal Motor Carrier Safety Regulations, Title 49, United States Code of Federal Regulations, Section 391.103, 391.109, 391.113 and Company Policy, I am required to submit a sample of my urine for chemical analysis. I further understand that this analysis will be conducted by a National Institute on Drug Abuse (NIDA) certified laboratory, I also understand that if I test positive on a specimen analysis, I am not medically qualified to operate a commercial motor vehicle.

I consent freely and voluntarily to this request for a urine specimen. I hereby and herewith release Riverside Contracting, Inc. and the doctor or clinic collecting the specimen, their employees, agents, and contractors from any liability whatsoever arising from this request to furnish this urine sample, the testing of the urine sample and decisions made concerning my application for a truck driving position or continued qualification based upon the results of the analysis. The results of all urinalysis testing will be maintained by a Medical Review Officer for the company and one representative of Riverside Contracting will maintain a copy of the result in a secure location at the office. The results will not be released to any additional party without my written consent.
